GET TAX INFORMATION

The EDD offers a variety of resources to help you understand your payroll tax obligations, including how to register as an employer, filing and payment options, forms and publications, rates and schedules, and reporting requirements. The EDD offers state payroll tax seminars, either classroom-style or online, to help employers comply with California payroll tax laws. Visit www.edd.ca.gov/payroll_tax_seminars to see the many seminar options available.

In addition, the EDD has made it easier to manage your employer payroll tax account using e-Services for Business. You and/or your agent can file or amend reports/returns, make deposits, and view/change account information online. Visit <https://eddservices.edd.ca.gov> for more information.

OBTAIN TAX CREDITS

A variety of tax credits are available to employers who hire individuals from certain target groups that experience barriers to employment. For more information about tax credits and incentives, visit www.edd.ca.gov/jobs_and_training/Tax_Credits_Incentives.htm.

FIDELITY BONDING

The EDD, in partnership with the Employment and Training Administration of the U.S. Department of Labor, funds and administers the Fidelity Bonding Program. Fidelity bonding services protect employers against possible theft and dishonest or fraudulent acts, and help alleviate employers' concerns in hiring ex-offenders and at-risk job applicants. The program is free of charge and remains in effect for six months from the date of issuance. You may apply for a fidelity bond by visiting your local AJCC.
