

# Coming Soon!

## Your new EDD Debit Card from Bank of America

Receiving your benefit payments will be faster, easier, and more secure

Within the coming months, rather than being mailed benefit checks, you will be mailed your own EDD Debit Card. Benefit payments for which you are eligible will be deposited to your new debit card account. You can use your card everywhere Visa® debit cards are accepted. You may also choose to set up a direct deposit transfer of your benefits to your checking or savings account after you activate your card.

### No action is required.

Your debit card will be automatically mailed to you. When your card arrives, follow the instructions in the welcome packet and activate your card immediately.

### Card benefits:

- Get access to cash at ATMs, point of sale (POS) terminals, and at Visa Bank and Credit Union locations.
- Use your card to pay bills or make purchases.
- No more waiting for checks in the mail.

For more information about the new EDD Debit Card, visit [www.edd.ca.gov](http://www.edd.ca.gov)
