SUBJECT: CALIFORNIA ETPL ONLY ACCESSIBLE THROUGH CalJOBSSM

The California Eligible Training Provider List (ETPL) supports customer-focused employment training for adults and dislocated workers. The official California ETPL, a list of approved training programs available for use by training providers funded by the Workforce Investment Act, is *only* accessible through [CalJOBSSM](#).

The only way a training provider can be listed on the California ETPL is by enrolling in CalJOBSSM and creating a provider account. There are no fees charged for this service. Training providers should disregard any agency or organization outside CalJOBSSM that claims to represent or be associated with the California ETPL.

Individuals interested in training opportunities can search the California ETPL through CalJOBSSM and register with a local [America's Job Center of CaliforniaSM](#) to pursue receipt of training services.

For more information, please visit the [ETPL](#) page or contact Sarah Turner at sarah.turner@edd.ca.gov or 916-654-9311.
