SUBJECT: FORMULA RAPID RESPONSE FUNDING AWARDS

This Information Bulletin announces the formula-based Rapid Response funding provided to Local Workforce Investment Areas (LWIA) for the period from July 1, 2013, through June 30, 2014. The attachment shows the total funding amount for each LWIA in the right hand column.

Each award of funds should be used to defray the cost of required and allowable Rapid Response activities in response to layoffs, business closures, and natural disasters. Expenditures for activities described in Sections 665.310, 665.320, and 667.262(b) of the federal regulations (20 CFR Part 652) will be reimbursed under the formula Rapid Response grant code. Other activities not described in these sections must be paid with other Workforce Investment Act (WIA) funds or with non-WIA funds.

The formula Rapid Response funds will be placed in either grant code 540 or 541. Consistent with your other allocations, these funds will not be available until the State budget is in place.

As referenced in Directive [WSD12-7](#), this funding allows for the provision of direct services to dislocated workers and may be used for either Rapid Response or Additional Assistance activities. Participants receiving Additional Assistance services must be enrolled in grant code 241. Funds used for training services when serving Additional Assistance participants qualify as "leveraged resources" which will assist local areas in meeting the 25 percent training expenditure requirement as described in Directive [WSD11-9](#).

If you have any questions, please contact your [Regional Advisor](#).
