TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: NEW MOBILE APPLICATION FOR CalJOBS<sup>SM</sup>

The California Employment Development Department is pleased to announce a more convenient way to search for employment with the launch of the CalJOBS<sup>SM</sup> Mobile Application for smartphones, tablets, and other electronic devices.

The CalJOBS<sup>SM</sup> Mobile Application is an extension of the CalJOBS<sup>SM</sup> website offering job seekers access to thousands of job postings with the ability to conduct job searches and apply for jobs from their mobile device. Job seekers can search by location or keyword, filter results by occupation, expand job listings to review position details, map job locations, set up notifications when new job opportunities are available, and even share job search activity via e-mail or social media.

The CalJOBS<sup>SM</sup> Mobile Application is available in the iTunes and Google Play stores. Search for the keyword "caljobs" to download the app at no cost.

For questions and/or technical support, contact the mobile app developer, Geographic Solutions, at [mobilesupport@geosolinc.com](mailto:mobilesupport@geosolinc.com).

/S/ JOSÉ LUIS MÁRQUEZ, Chief  
Central Office Workforce Services Division

*The EDD is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities.*
