I. Overview

The Employment Development Department (EDD), on behalf of the California Labor and Workforce Development Agency (LWDA), announces the availability of up to \$1 million from the Workforce Innovation and Opportunity Act (WIOA) Governor’s Discretionary Fund for the Farmworkers Advancement Program (FAP) Technical Assistance (TA) and Developmental Evaluation (DE)¹ for Program Year 2023-24 (PY 23-24). Henceforth “FAP” shall refer to the Farmworkers Advancement Program, and “FAP TA DE” shall refer to the Technical Assistance and Development Evaluation Solicitation for Proposals (SFP) grant. The FAP TA DE awardee will assist the FAP program awardees with the continued development and refinement of projects that focus exclusively on farmworker needs at a regional level by offering essential skills and upskilling training to either advance in the agricultural industry and/or prepare for advancement outside of the agricultural sector.

A. Background

The FAP program and FAP TA DE grants will support workforce development equity projects that drive success, innovation, and systems change that positions farmworkers to obtain access to good-quality jobs, including jobs that pay family-sustaining wages, offer benefits, have predictable hours, opportunities for career advancement, and worker voice². The FAP TA DE provider will support projects on wrap-around support and resources, build skills to prevent job loss, lay the foundation for upward mobility, and foster learning for continuous improvement, successful outcomes, and profound impact on underserved farmworker communities.

B. Purpose

The FAP TA DE grant aims to increase equity and improve outcomes for adult farmworkers facing significant barriers to employment and education by providing technical assistance, training, guidance, and support to program awardees in their development of successful FAPs. In support of this goal, the grantee will disseminate lessons learned and provide recommendations to state policy makers and a broader workforce development community, which includes education entities, WIOA practitioners, Community-based organizations (CBOs), non-profits, and other entities that provide public benefits and services. Applicants are expected to base their overall approach on best practice models for skills training and career advancement, including the Integrated Education and Training (IET) model³, and advance the work in this space by providing ongoing TA and conducting DE for continuous program improvement. The TA DE awardee will work in close coordination with (1) FAP program

¹ Developmental evaluation services are a continuous learning and improvement process for programs, helping them to better adapt and respond to complex and uncertain situations.

² According to the [Nationalfund.org](https://www.nationalfund.org) worker voice is a critical part of equitable and inclusive worker success strategies. Authentic worker voice is a whole-of-workplace approach in which frontline employees influence their workplace and their experience at work.

³ IET programs are defined by WIOA Final Regulations at 34 CFR 463.35 as “a service approach that provides adult education and literacy activities concurrently and contextually with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement.”

awardees, (2) EDD project managers, and (3) all other relevant stakeholders to conduct ongoing TA and to complete a DE. In this context, the FAP TA DE awardee will be gathering insights through data and situational analysis, ongoing coaching, and communities of practice (CoPs) to evaluate program service models and help ensure programs are best positioned for long-term success and sustainability.

Additionally, the FAP TA DE awardee will collaborate with EDD to develop connections between FAP and other farmworker-serving programs and to coordinate a broader Joint Farmworker Services CoP. The Joint Farmworker Services CoP will bring together state-funded projects and programs serving farmworkers to (1) align goals and activities, (2) streamline outreach efforts to reduce duplication of efforts, and (3) provide opportunities for other unique collaborations between programs, including referral, co-enrollment, and co-case management strategies. The community development will foster strong relationships between farmworkers serving projects, programs, and stakeholders, resulting in a highly coordinated service delivery network that will promote the advancement of California's farmworkers.

C. Goals and Objectives

The FAP TA DE awardee ("TA DE awardee") will support FAP organizations supporting workforce development system change by (1) identifying how existing best practices can be designed, adapted, and enhanced with a focus on the needs of farmworkers; (2) identifying opportunities to leverage existing funds and cross-sector partnerships better to serve this population (3) identifying and addressing workforce system barriers that are unique to this population; and (4) supporting program designs and demonstrating the effectiveness in providing wrap-around support.

In collaboration with workforce and education partners, project stakeholders, and the EDD, the FAP TA DE awardee will be responsible for creating and sustaining CoPs and the goals and objectives of this specific FAP PY 23-24 program. This work will include, but not be limited to, facilitating connection among program awardees, coordinating local and regional connectivity to develop grantee networks, developing successful strategies for multiple program components, sharing best practices, and identifying and addressing challenges as they occur throughout the life of the grant, through ongoing developmental evaluation. Program outputs, including progress and analytical reports, will inform adaptations, shifts, and recommendations to the work as new lessons emerge to support real-time feedback and learning.

The FAP TA DE grant seeks to identify best practices and address any challenges presented in (1) utilizing existing and developing new training opportunities for upskilling farmworkers within the agricultural industry, including, but not limited to, IET instructional strategies and in-language instruction, (2) re-training farmworkers to enter into new occupations in other in-demand industries, (3) developing connectivity, co-enrollment, and co-case management strategies between education and workforce partners, (4) employer engagement, and (5) outreach and recruitment strategies for reaching migrant/seasonal farmworkers.

II. Project Design

Proposals must reflect an innovative TA and DE plan to achieve the above project goals and objectives. Applicants may create new tools, borrow methods from other disciplines, or apply models from other TA programs and program evaluations to achieve the desired outcomes. Successful applicants will present creative plans to provide training, team building, knowledge sharing, learning, and utilizing technological resources to meet the program-related requirements and support strong participant outcomes from FAP projects. The FAP TA DE awardee will provide project awardees with ongoing feedback as a developmental tool for quality improvement, innovation, and sustainability. Strong applicants will demonstrate the capacity to provide individualized assistance based on in-demand industry sectors, FAP program strategies, outcome data collection tools and processes, each program awardee's needs, and the unique barriers of the geographic regions and target populations being served to utilize the strategies and required activities outlined below.

A. Strategies and Required Activities

The FAP TA DE awardee will facilitate connectivity among program awardees and conduct stakeholder coordination, including but not limited to the following:

- Coordinating and facilitating meetings, training, and activities attended by the EDD, program stakeholders, policy leaders, advocacy groups, and program awardees.
- Reporting or presenting at workforce system meetings, webinars, conferences, CoP, or training.
- Disseminating best practices and lessons learned to the broader workforce system through written materials, webinars, training, and/or CoP.
- Providing information to the state about the needs and changes of the Agriculture Industry and Farmworkers by synthesizing existing agriculture data to provide a cohesive and complete recommendation to support California farmworkers.

The FAP TA DE will share learning objectives through the identification of cross-cutting themes amongst best practices, challenges, challenge solutions, and systemic barriers experienced by program awardees and partners while doing the following:

- Developing strategies to provide farmworkers with the skills to advance in agriculture.
- Developing connectivity, co-enrollment, and co-case management strategies to provide wrap-around support and resources to lay the foundation for upward mobility.

- Preparing displaced farmworkers to obtain employment outside the agricultural industry, allowing them to earn a living wage while remaining in their communities.
- Providing successful employer engagement.
- Developing emerging programs with novel partnerships and/or program providers to become fully developed programs.

The FAP TA DE awardee will provide a final summary report of the TA and developmental evaluation of the project that includes, but is not limited to, the following:

- Summarize and evaluate service delivery approaches developed to ensure successful participation and completion, such as programs offered at or take place at worksites, farmworker housing, or other locations accessible to farmworkers.
- Develop a roadmap for sustaining, replicating, and scaling successful strategies, including tracked referrals for farmworkers without work authorization to support services and other programs.
- Develop strategies to expand programs, such as leveraging philanthropic funds, to use to develop the programs to serve undocumented workers and/or members of farmworker families by program awardees.
- Summarize and evaluate any other cross-cutting themes amongst project successes, challenges, and project outcomes that can inform future funding investments and program designs.

B. Applicants

Applicants for the FAP TA DE PY 23-24 grant must be organizations with the capacity, relationships, and expertise to deliver the necessary TA services statewide. Proposals will be accepted from Community Colleges and Institutions of Higher Education, Adult Education Providers, Education and Training Providers, County social service agencies, Community-based organizations (CBOs), Business-related non-profit organizations, Labor organizations, and Workforce Intermediaries.

Individuals are not eligible to apply. Applicants must reside in the US but do not need to reside in California; however, they must have demonstrated capacity to provide technical assistance in California.

In their proposals, applicants must demonstrate that they have relevant experience and expertise in providing services to farmworkers, Limited English Proficient (LEP), low-wage workers, or immigrant communities in workforce development and training programs. Applicants for the FAP TA DE must be organizations with the capacity, relationships, and expertise to deliver the necessary TA services statewide.

C. Program Awardees

The awardee for the FAP TA DE must provide services to two tracks of projects to meet the goals and objectives of the FAP. Track #1 projects are implementing programs with a demonstrated track record of workforce outcomes, and Track #2 projects are designing, developing, and implementing emerging programs and new program concepts. Therefore, the FAP TA DE provider will work with the program awardee teams that include required partners needed to achieve the goals and objectives of the FAP for both tracks to provide increase farmworkers' access to education, training, and employment.

D. Target Populations

The TA DE services for this grant will support the twelve organizations in the service counties listed below that were awarded program grants for the noted Track #1 or Track #2 under the FAP PY 23-24 SFP.

Applicant Name	Counties Served	Track #
Binational of Central California	Fresno, Madera, Tulare, Merced, Kings, and Kern	Track 2
Center for Employment Training	Santa Cruz and Monterey	Track 1
KIM Consortium Workforce Development Area- ETR	Kern	Track 1

The Regents of the University of California, Davis Campus	Yolo	Track 2
United Way of Central Eastern California	Kern	Track 2
West Hills Community College District	Fresno and Kings	Track 1
Workforce Development Board of Ventura County	Ventura	Track 1

The FAP TA DE awardee must work with each program awardee to determine the specific demographics and needs of the farmworkers in each of their service areas. This may include making recommendations and providing TA and training to program awardees on equitable access and inclusion for English Learner populations that are historically underserved or are underrepresented in enrollments, including, but not limited to, migrant/seasonal farmworkers, farmworkers with basic skills deficiencies and/or low literacy levels and farmworkers with a disability. The FAP TA DE provider should be prepared to offer support and resources tailored to the unique needs and challenges of this population. All individuals must be at least 18 years of age and meet WIOA Title I Adult eligibility requirements to participate in the FAP PY 23-24 program.

E. Data and Supporting Evidence

The FAP TA DE awardee is expected to develop assessment tools for collecting real-time data and analyzing the program's performance. This analysis should adopt a learning approach that facilitates informed decision-making, enhancing outcomes and amplifying the program's impact on its target populations. Program awardees will report participant data in CalJOBSSM, accessible to the TA DE awardee for TA DE purposes. The TA DE awardee will be responsible for collecting additional data and information on implementation milestones and qualitative outcomes that are not captured in CalJOBSSM or monthly narrative reports submitted to EDD by project awardees if that extra data is required to meet assessment goals.

All program awardees must provide the TA DE awardee data and information necessary to conduct TA DE activities. Proposals should clearly articulate the data metrics, the frequency of data collection, and the method of analysis to be used. The EDD reserves the right to request a review of any assessments created using funds from this project. Data from assessments developed and administered to evaluate projects should directly inform and apply learnings from that evaluation to improve overall service delivery and help refine the developmental evaluation plan and the final report.

III. Application & Program Requirements

All proposals must adhere to proposal requirements, utilize the required format, and include all requested information and attachments, or the proposal will be deemed non-responsive. Proposals that do not meet the minimum requirements will not be scored or considered for funding. B. Partnerships

Applicants must possess the expertise, resources, and capacity to provide technical assistance to FAP awardees and to conduct a project development evaluation. Given the project's complexity, applicants may benefit from incorporating partnerships into the TA DE plans to achieve all objectives and required activities, enhance the support network, and increase the likelihood of successful program outcomes.

Partnerships with established programs that have demonstrated the ability to provide meaningful assistance to farmworkers are also encouraged. Applicants should prioritize partnerships with organizations that have documented success working with the program's target populations or expertise in an area beneficial to the scope of the ETA requirements, as well as organizations that have demonstrated success and innovation in developmental evaluation.

In the Project Narrative, applicants must demonstrate their ability to deliver TA DE as a single organization or project team, identifying any project partners. Applicants must submit Partnership Agreement Letters if partnerships are proposed and outline each partner's roles and expected contributions. Appendix A: Proposal Package Instructions contains more information on submitting Partnership Agreement Letters. The EDD's reading evaluators will assess whether applicants have the necessary capacity and expertise to provide the required TA DE and will select the most qualified applicant. Additional partnerships that can enhance the success of program awardees, based on the needs of the target populations in each geographic region, are encouraged.

C. Collaboration with the EDD

In addition to the CoPs, applicants must budget for and plan to coordinate and facilitate three convenings throughout the grant period to bring together state partners and awardees. These convenings will occur:

- Within the first six months of implementation
- At the program's mid-point, and
- In the last two quarters of their project

Timing will be determined in coordination with state partners and FAP PY 23-24 program awardees. The convenings aim to develop a nuanced, big-picture perspective on overcoming the barriers to employment faced by the underserved target populations. Agendas and programs for convenings will be created in coordination with the EDD to include support on topics related to grant administration, performance, and CalJOBSSM, in addition to the programmatic and subject matter content provided by the TA DE awardee.

The EDD requires all key project staff to attend mandatory meetings. Key project staff may also be required to collaborate with EDD Project Managers throughout the TA DE grant's period of performance, including CalJOBSSM training and guidance during start-up and implementation. See *Section VII. C: Reporting* for more information.

IV. Funding and Budgetary Requirements

Awarding decisions are based on the availability of funds. Estimated amounts and dates are not final and are subject to change.

A. Availability

A total of \$1 million in the Workforce Innovation and Opportunity Act (WIOA) Governor's Discretionary Fund for the FAP TA DE PY 23-24 is available through this SFP. It is anticipated that only one application will be awarded. Funding requests and other performance measures should be determined by demonstrating successful TA DE plans, relevant experience, and reasonable costs for proposed services. Awarding decisions are based on the availability of funds.

Note – Proposed funding is based on the anticipated availability of relevant funds. Should anything change, the EDD reserves the right to adjust based on the level of funding. Estimated amounts and dates are not final and are subject to change.

B. Project Term

The anticipated start date for technical assistance the successful applicant provides is June 1, 2024, or upon subgrant execution. All funded activities will conclude no later than March 31, 2026. This Period of Performance includes all necessary implementation and start-up activities. Grant funds will not be available past March 31, 2026. No obligation of funds will be allowed before or beyond the grant period of performance. Any funds not expended during the grant agreement period shall be returned to the state.

C. Registration with the System for Award Management

Applicants must register with the System for Award Management (SAM) to apply for and receive funding for this initiative. Registration with the SAM must be reviewed and updated every 12 months to remain current, accurate, and complete in the SAM database. A recipient must always maintain an active registration with current information. During this time, it has an application under consideration or an active federal award, including federal funding distributed through the EDD. Applicants must ensure this information is updated well before

submitting a funding application. Proposals received with an inactive registration will not be evaluated and will be disqualified.

Note: The registration and/or renewal process can take several weeks to complete and requires privileged information, including financial and banking information, which may take time to obtain. The applicant must have all information up to date and accessible through the SAM before submitting the application. Visit the [SAM website](#) for more information about registration requirements.

D. Cost Sharing

There are no required leveraged funds for this project. However, the applicant is encouraged to leverage other resources to maximize the project's impact, earn the maximum return on investment, and foster project replication and sustainability. Applicants are encouraged to braid funds, leverage human capital, and utilize other resources to maximize the project's success. Resources can be leveraged from a variety of sources, including but not limited to businesses, industry associations, labor organizations, community-based organizations, education and training providers, and/or federal, state, and local government programs.

Leveraged funds are a contribution of funds or resources made available to the grantee to be explicitly used for project activities and must be consistent with the allowable activities of the fund sources. The awarded grantee has control over and disburses these funds. The definition of "in-kind resources" is a contribution of non-cash resources explicitly used for project activities. Examples include but are not limited to donated personnel, services, and use of equipment or space.

E. Allowable Uses of Funds

The funds awarded in this SFP must be used to provide TA DE to FAP PY 23-24 program awardees in the successful implementation of their FAP projects and developing ongoing and final evaluation of the FAP program.

Allowable costs for the TA grantee include:

- Any costs associated with the provision of TA DE to FAP program awardees, including but not limited to costs for personnel, materials, travel, and virtual platforms.
- Any costs associated with coordinating project partners and stakeholders, including collaboration with other EDD and external programs, will enhance learning objectives, project performance, and opportunities for co-enrollment for program awardees. Associated costs may include, but are not limited to, costs for personnel, materials, travel, and virtual platforms.
- Any costs associated with ongoing information and data collection and evaluation activities.
- Any costs associated with creating a final evaluation of project outcomes and lessons learned.
- Costs associated with disseminating or sharing lessons learned and/or a final evaluation during the subgrant period.

Refer to *Appendix B: WIOA Allowable Activities*, *Appendix C: Allowable Costs*, and *Appendix D: Administrative Costs* for the general requirements dictating the proper use of these funds. Funds awarded under this SFP cannot be used to purchase real property or to construct buildings.

F. Administrative Cost Limits

A maximum of 10 percent of the total requested grant amount will be allowed for administrative costs. Please refer to *Appendix D: Administrative Costs* for defining administrative costs.

V. Submission

Only one proposal will be accepted from each applicant. If the EDD receives more than one application from a single applicant, the first application received will be the only one accepted. Any subsequent submissions will be disqualified. **The entire proposal must be submitted electronically by the deadline.**

These resources should be distributed via email a few days after the webinar. In addition, a comprehensive list of all questions and answers received during the solicitation process will be posted to the EDD website approximately one week after the informational webinar.

F. Delivery

Applicants must submit a complete proposal package with all required elements to WSBSFP3@EDD.ca.gov by no later than 3 p.m. PT on April 15, 2024. The Cover Signature Page-CovSign must be signed by the signatory authority as stated in the resolution for signatory authority.

Refer to *Appendix A: Proposal Package Instructions* for further guidelines on electronic submission and *Section VI. D: Agreement and Contracting* for the signatory authority requirements for the Subgrant Agreement (contract).

VI. Award

After the deadline, the EDD will review the proposals that meet the minimum qualifications. Funding decisions are based on scoring criteria, performance history, and area needs. The EDD will notify all applicants regarding the status of submitted proposals. A summary of projects funded under this SFP will be publicly posted on the EDD website.

A. Proposal Review, Scoring, and Evaluation

Teams of independent reviewers will score and rank proposals based on the criteria outlined in this SFP; for those organizations that have participated in past grant programs administered by the EDD's Workforce Services Branch (WSB), past and present performance will be considered in making funding decisions. The scoring value of each section of the SFP is as follows:

Figure 3: Scoring Rubric

Narrative Criteria	Maximum Points
Section I – Technical Assistance Plan	40
Section II – Data Analysis and Performance Measures	25
Section III – Statement of Capacity and Capabilities	30
Section IV – Budget Summary Narrative and Plan	5
Maximum Total Points	100

Only proposals that score in the top tier, are deemed meritorious, and are aligned with the state's best interests will be recommended for funding. The EDD reserves the right to conduct on-site reviews before making final funding recommendations. After completion of the evaluation process, the EDD Director will receive the funding recommendations. The Labor and Workforce Development Agency Secretary, in consultation with the EDD, will make final funding decisions based on the ranked scores and other factors such as past performance, innovative approach, and the uniqueness of each project. Projects selected for funding are contingent on the revision and approval of the project exhibits. Project exhibits are not automatically approved. Awardees may be required to revise the project exhibits to comply with federal and state mandates. The EDD Project Management Group will provide guidance should revisions be necessary.

B. Appeal Process

A proposal may be disqualified for not meeting the application requirements. Please read the SFP carefully and consult *Appendix A: Proposal Package Instructions* for detailed instructions on adequately completing and submitting all application elements to ensure all applicable requirements have been met.

Disqualification decisions can be appealed, but disqualifications can only be overturned in specific instances. Please take into consideration the following:

- There is no appeal process for not meeting the proposal submission deadline.
- Final funding decisions cannot be appealed.
- The application requirements are those conditions that must be met for the proposal to be forwarded for evaluation and scoring. See *Section IV: Funding and Budgetary Requirements*, *Section V: Submission*, *Section VI: Award*, and *Appendix A: Proposal Package Instructions* for more information on application and submission requirements.

The EDD will distribute disqualification letters to applicants by email. Applicants have seven calendar days from the date their disqualification email is sent in which to appeal. Please send all appeals to WSBSFP3@EDD.ca.gov by 3:00 PM PST on the seventh calendar day.

Each appellant must submit all the facts related to their appeal **in writing**. The review will be limited to the information provided in writing. To be considered for review, the appeal must contain the following information:

- Appealing organization's full name, address, and telephone number
- A brief statement of the reasons for the appeal, including citations from the SFP and other pertinent documents.
- A statement of the relief sought.
- All corrective documentation
- A scanned copy of the statement with the original wet signature of the authorized signatory authority for the applicant organization
- Appeals must be submitted in PDF form to WSBSFP3@EDD.ca.gov

The WSB/DDO will respond to all appeals via email. The review of each appeal will be limited to determining whether the applicant's corrective actions successfully addressed the non-responsiveness indicated in their disqualification letter and whether the proposal now meets the minimum application requirements relayed by the SFP to be evaluated.

C. Award Notification

Awards will be announced on the EDD website, and applicants will be notified of the funding decisions. Award decision notices are anticipated to be mailed by May 2024.

D. Agreement and Contracting

The EDD will contact the subrecipients to finalize the Subgrant Agreement details. The EDD may request changes from the original exhibit documents submitted with project proposals. After all

exhibits are finalized, the awardee will officially enter a subgrant agreement with EDD to provide the TA and DE services. Please ensure that goals and objectives are feasible and reasonable for your organization and that your infrastructure supports the administrative and operational requirements. The state expects subgrant negotiations to begin immediately after providing official award notices. A Notice of Award does not automatically entitle the subrecipient to funding. The EDD reserves the right to terminate any funding offer if a subrecipient does not negotiate in good faith. Subrecipients are advised to consider whether official action by a County Board of Supervisors, City Council, or other similar decision-making body will be necessary before accepting funds awarded under this SFP. The time needed for such official action will affect the subrecipient's ability to meet the project terms and conditions and the projected work plan.

All projects selected for funding are contingent upon the revision and approval of the subgrant exhibits. Subgrant exhibits are not automatically approved. Subrecipients may be required to make revisions to comply with federal and state mandates during the approval and contract negotiation process. The Special Initiatives Support Section will guide the finalization of the exhibits and verify that all requirements are met to be incorporated into the official Subgrant Agreement. Subrecipients must submit a resolution for signatory authority designating the position having the authority to sign for the organization. The EDD reserves the right to rescind any funding offer if a subrecipient does not comply with the revision process and the terms of the Subgrant Agreement.

VII. Administrative Requirements

Successful applicants must comply with all administrative and reporting requirements to remain eligible for awarded funds. Grantees that do not comply may be de-obligated.

A. Monitoring and Audits

During the POP, subrecipients will be monitored and/or audited by the state, following existing policies, procedures, and EDD guidance to clarify WIOA funds' requirements. Subrecipients are expected to be responsive to all reviewers' requests, provide reasonable and timely access to records and staff, facilitate access to subcontractors, and communicate with reviewers in a timely manner. Complete and accurate reporting is essential during the monitoring process. Subrecipients that expend over \$750,000 in federal funds from any source must complete a single or program-specific audit for the fiscal year per the Single Audit Act for State and Local Agencies, 1996 Amendments, Public Law 104-156. Refer to [WSD20-03](#), Subject: *Audit Requirements* (October 13, 2020) for more information.

B. Record Retention

Subrecipients must maintain sufficient project and fiscal records to allow federal, state, and local reviewers to evaluate the project's effectiveness and proper use of funds. The record-keeping system must include both original and summary (computer-generated) data sources. Subrecipients will retain all records pertinent to the contract for five years from the date of the final payment of the contract unless a more extended period of record retention is stipulated.

C. Reporting

All program grantees will have access to the CalJOBSSM website to report participant information and outcome data to the state promptly and accurately. The state will provide training on how to use the CalJOBSSM reporting system. The TA DE awardee will have CalJOBSSM access to review participant reporting done by FAP program awardees. The TA DE awardee will be required to submit monthly and quarterly progress reports, which include a narrative on the project's status.

See *Appendix E: Internet Resources* for more information.

The TA DE awardee must submit monthly financial reports using CalJOBSSM. Failure to properly report may result in cash hold and de-obligation. Refer to [WSD19-05](#), Subject: *Monthly and Quarterly Financial Reporting Requirements* (December 4, 2019), for further information.

D. Closeout

Project closeout reports are due within 60 days of the project termination date. Applicants should include costs associated with closeout activities in the budget plan. Refer to [WSD16-05](#), Subject: *WIOA Closeout Requirements* (July 29, 2016), for further guidance.

E. Compliance

All funds are subject to state and federal statutory and regulatory requirements, including the WIOA and its associated federal regulations, OMB Circulars, Title 29 of the *Code of Federal Regulations*, and compliance with the Subgrant Agreement.

F. Intellectual Property Rights/Creative Commons Attribution License

Subrecipients of a federal award obtain the title to intangible property once acquired. The subrecipient must use the property for the authorized initial purpose and must not encumber the property without approval from the EDD. Further, the DOL has the right to obtain, reproduce, publish, or otherwise use the data produced under a federal award and authorize others to receive, reproduce, publish, or otherwise use such data for federal purposes (Uniform Guidance Section 200.315[a], [d]). In addition, the DOL requires intellectual property developed under a competitive federal award process to be licensed under a Creative Commons Attribution license. This license allows subsequent users to copy, distribute, transmit, and adapt the copyrighted work and requires such users to attribute the work as specified by the recipient (DOL Exceptions 2 CFR Section 2900.13). Refer to [WSD16-10](#), Subject: *Property – Purchasing, Inventory, and Disposal* (November 10, 2016) for more information.

G. Evaluation

The WIOA Sections 134 and 136 (e) provide for the ongoing evaluation of workforce development activities. A statewide activities assessment allows the state to determine the effectiveness of the Governor's Discretionary Funds in addressing identified statewide needs. As a result, the state may pursue a statewide evaluation of the projects awarded through this SFP. If a statewide evaluation occurs, the subrecipient must participate by providing the requested data and information. Therefore, throughout the POP, subrecipients must document lessons learned and effective practices ascertained through this project and share them through monthly and quarterly reporting.

VIII. Appendix B: WIOA Allowable Activities

The WIOA permits three career services: essential career services, individualized career services, and follow-up services.

Basic Career Services

2. Outreach, intake, and orientation to information and other services available through the one-stop delivery system
3. Initial assessment of skill levels, including literacy, numeracy, and English language proficiency, as well as aptitudes, abilities (including skills gaps), and supportive service needs
4. Job search, placement assistance, and career counseling, including the following:

State’s Medicaid program and Children’s Health Insurance Program; benefits under the CalFRESH Program— federally known as the Supplemental Nutrition Assistance Program (SNAP); assistance through the earned income tax credit; assistance, supportive services, and transportation through the Temporary Assistance for Needy Families (TANF) program

10. Provision of information and assistance regarding filing claims for Unemployment Insurance (UI), by which the America’s Job Center of CaliforniaSM (AJCC) must provide “meaningful assistance” to individuals seeking assistance in filing a UI claim. The term “meaningful assistance” means the following:

- Assisting on-site using staff who are well-trained in UI claim filing and the rights and responsibilities of claimants

Follow-up services, such as counseling regarding the workplace, are provided for participants in adult or dislocated worker workforce investment activities who are placed in unsubsidized employment. Participants may receive follow-up services for up to 12 months after the first day of employment.

Each proposal should include follow-up services for participants after being placed in unsubsidized employment and after exiting the project. The follow-up is intended to support the client in retaining employment and improving their employment success after exit. The final follow-up design will be negotiated with each successful applicant during contract negotiations based on the length of the contract and the funding available to the applicant. While follow-up services must be available, not all registered participants placed into unsubsidized employment will need or want such services.

IX. Appendix C: Allowable Costs and Cost Items Matrix

An entity that receives funds under Title I of the WIOA must comply with the OMB Uniform Guidance 2 CFR Part 200 and U.S. DOL exceptions 2 CFR Part 2900. In general, to be an allowable charge under the WIOA, a cost must meet the following criteria:

- Be necessary and reasonable for the performance of the award
- Be allocable to the award
- Conform to any limitations or exclusions set forth in the award
- Be consistent with policies and procedures that apply uniformly to both federally financed and other activities of the non-federal entity
- Be accorded consistent treatment
- Be determined in accordance with generally accepted accounting principles
- Not be used to meet cost-sharing or matching requirements of any other federally financed program (without prior approval from the state)
- Be adequately documented

Below is a high-level cost items matrix with six columns. The first four columns identify cost items and various entity types. The remaining two columns are reserved for the specific Uniform Guidance sections and DOL exceptions (if applicable). It should be noted that the matrix is intended to be used as an initial tool or quick reference guide rather than a final authority for determining whether a cost would be considered allowable. The legend key below, along with the definitions, is intended to help the user understand whether a cost item is allowable or not.

Figure 1: Allowable Costs Legend

Legend Key	Legend Key Definition
A	Allowable
AP	Allowable with Prior Approval
AC	Allowable with Conditions
U	Unallowable
NS	Not Specified in the Uniform Guidance

Users should delve further into the various information sources if a cost item is denoted with two or more legend keys, as they may provide the additional necessary clarity. If this effort does not provide the essential information, then the project manager or Regional Advisor

should be contacted. The “NS” legend key means that information may not be readily available. In this event, other information sources should be sought before contacting the project manager or Regional Advisor. The “AP” legend key means that, in some instances, prior written approval will be required. In this event, the user should adhere to the Uniform Guidance Section 200.407, DOL exceptions Section 2900.16, and contact their project manager or Regional Advisor.

Meadco ScriptX 7.4: ScriptX provides for the closely controlled printing of HTML- and XML-based documents. It is a client-side ActiveX object used throughout Virtual OneStop to ensure the consistent formatting and appearance of printed output from any local or networked printer, regardless of the printing attributes already set in that computer’s browser. It temporarily controls printer settings such as margin sizes, header and footer information, page numbering, and whether to print in Landscape or Portrait mode. The control is in place at the time of printing a browser window or framed content; all settings are automatically restored to default settings and no permanent changes are saved. ScriptX v7.5 or later is required when working with Internet Explorer 8 on Windows XP, Windows Vista, and Windows 7.

Adobe Acrobat Reader 11: Certain documents (such as User Guides and Quick Reference Cards) are available to our customers on our external OPC website as Adobe Acrobat files. They are also frequently attached as some of the resources that are available on the Staff Online Resources page in Virtual LMI. These files can be read with Adobe Acrobat Reader 6.0 or higher; however, it is recommended that this recent version of Adobe Acrobat Reader be installed. Acrobat Reader is free browser software.

Adobe Flash 11: The Training/Learning Center Videos for Virtual OneStop can be watched with Adobe Flash 9 or later, although we recommend the current version 11. Adobe Flash is free browser software. The only limitations may be with client firewalls and security obstructions that may keep the videos from functioning correctly.

RSClientPrint is a Microsoft ActiveX control that enables client-side printing of Microsoft SQL Server Reporting Services reports. The ActiveX control displays a custom print dialog box that shares common features with other print dialog boxes. The client-side print dialog box includes a printer list for selection, print preview option, page margin settings, orientation, etc. Downloading and installing the ActiveX control RSClientPrint.cab requires administrator permissions on the client machine.

VOS uses CKEditor version 4.3.1

The version 14.0 Virtual One Stop (VOS) is currently using version 4.3.1 of CKEditor. CKEditor is used within the VOS system to allow you to use common word processing features in the system with such things as job descriptions, resumes and cover letters.

CKEditor supports all popular browsers including Chrome, Firefox, Internet Explorer, Opera and Safari. However, Internet Explorer 7 (or lower) and Firefox 3.6 are no longer supported (CKEditor 4.1.3 was the last version to support Internet Explorer 7 and Firefox 3.6).

It should also be noted that while the latest version of Safari is actively supported, earlier versions may have compatibility issues.

If you are using these unsupported browsers versions, your browser should be updated to avoid compatibility issues.
