# 1. Overview

---

---

The Employment Development Department (EDD), in coordination with the California Labor and Workforce Development Agency (LWDA), announces the availability of up to \$1.7 million in *Workforce Innovation and Opportunity Act* (WIOA) Governor’s Discretionary Funds for the Opportunity Young Adult Evaluation and Technical Assistance (OYA ETA) grant for Program Year (PY) 2024-25 SFP. The OYA ETA PY 24-25 awardee will provide evaluation and technical assistance (ETA) for the Opportunity Young Adult Career Pathway Program (OYACPP) awardees for PY 23-24 and PY 24-25, as they successfully implement and develop programs that connect with apprenticeship programs, pre-apprenticeship programs, and community college and adult school programs with evidence of success for opportunity young adults 18-28 years of age facing significant employment barriers.

Accordingly, this grant will also fund the assessment and analysis, staff development, community of practice (CoP), consultation, and development of partnerships with mainstream services to test, demonstrate, and evaluate strategies to improve employment outcomes and reduce persistent economic inequities for OYAs 18-28 years of age. The ETA provider will create a learning community, foster connectivity among program awardees, share best practices, and assist program awardees with program development and implementation for employment and career advancement opportunities, in sectors such as Public, Agriculture, Infrastructure, Manufacturing, and Health, and allow awardees to make a case for consideration of other sectors that will improve regional economic workforce outcomes and equity.

## A. Background

In alignment with the <sup>1</sup>Governor’s [Freedom to Succeed initiative](#), the OYACPP grants was established to award organizations in serving young adults, with a focus on those disconnected from school or work, through cohort-based training, and case management through a trauma-informed and youth development lens and tools. The OYA ETA PY 24-25 grant aims to increase equity and improve outcomes for young adults facing significant barriers to employment and education by providing support and technical assistance to program awardees in their development and implementation of successful OYA Career Pathway Programs; and facilitating learning and best practices that can inform future workforce programs in California.

---

<sup>1</sup> Governor Gavin Newsom’s [executive order](#) launching a new career education effort to improve access to high-paying and fulfilling careers for students and workers.

## B. Theory of Change

The vision for the State is to create pathways to success for opportunity young adults ages 18-28, and to test and demonstrate program strategies that improve outcomes for OYAs and reduce persistent economic disparities and inequities.

Best practices from projects will inform broader systemic change in California's OYA service delivery model with the prospect of scaling statewide. This funding program also intends to evaluate strategies that enhance the state's capacity for improving employment and earnings outcomes for OYAs.

## C. Purpose

The OYA ETA PY 24-25 grant seeks to fund an organization with expertise in assessing program and operational capacity, facilitating CoPs, and conducting an evaluation for continuous learning and improvement. In addition, the ETA awardee will support continuous improvement and systems change by facilitating a learning cohort or CoP, intended to help program awardees work together to meet program goals, test innovations, and develop best practices for improving equity outcomes and systemic change.

The OYA ETA PY 24-25 awardee will provide technical assistance to OYACPP PY 23-24 and PY 24-25 program awardees, and work in close coordination with EDD project managers, and all other relevant stakeholders to conduct ongoing program evaluation for continuous learning and program improvement and provide technical assistance to support program quality and outcomes. In this context, the OYA ETA PY 24-25 awardee will gather insights through data and situational analysis, ongoing coaching, and CoPs to evaluate program service models and help ensure programs are best positioned for long-term success and sustainability.

The ETA awardee will be responsible for creating and sustaining a larger collaborative community centered upon the goals and objectives of the program awardees. This includes facilitating connectivity among program awardees, assisting with coordinating local and regional connectivity to develop grantee networks, developing successful strategies, sharing best practices, and identifying and addressing challenges as they occur throughout the life of the grant. Program outputs, including progress and analytical reports, will inform adaptations, shifts, and recommendations to the work as new lessons emerge to support real-time feedback and learning.

Given the nature of the OYA ETA grant, the EDD seeks to understand (1) how the CoP model can support strong program outcomes, grantee learning, and shared problem-solving; (2) how innovative aspects of the funded projects and opportunities for those innovations to be scaled; and (3) how lessons from this project can inform a cohesive statewide workforce strategy focused on equity and job quality. Also, the EDD intends to set the stage for future programs and partnerships, as well as workforce systems change to elevate field-building innovations, new models and/or case studies. The ETA provider will work with grantees and their partners throughout the grant period of performance (POP) to create an active learning environment.

This active learning orientation will allow partners to identify strategies for improving workforce outcomes and establishing new models or new ways of doing business that are more flexible, agile, and responsive to the needs of the target populations. The ETA provider is integral in creating a learning community, fostering connectivity among program awardees, sharing best practices, and improving regional economic workforce outcomes and equity.

The ETA awardee will provide program awardees with targeted evaluation and technical assistance and complete a Final Evaluation Report that serves as a blueprint for similar work in the future.

#### D. Availability

A total of \$1.7 million in the WIOA Governor’s Discretionary Funds for the OYA ETA PY 24-25 grant is available through this SFP. It is anticipated that only one application will be awarded. Leveraged resources are encouraged where possible, but there is no requirement for leveraged funds. Funding requests and other performance measures should be determined by demonstrating successful evaluation and technical assistance plans, relevant experience, and reasonable costs for proposed ETA plans. Awarding decisions are based on the availability of funds.

The anticipated POP for the evaluation and technical assistance funded under this SFP will be approximately 18 to 24 months. The OYA ETA PY 24-25 awardee will support the program awardees for OYACPP PY 23-24 and 24-25 as soon as the grant agreement is executed. Projects will conclude no later than March 31, 2026. This POP includes all necessary implementation and start-up activities. Grant funds will not be available past March 31, 2026. No obligation of funds will be allowed before or beyond the grant POP. Any funds not expended during the grant agreement period will be disencumbered.

**Note** – Proposed funding is based on the anticipated availability of relevant funds. Should anything change, the EDD reserves the right to adjust based on the level of funding. Estimated amounts and dates are not final and are subject to change.

#### E. Target Group

The OYA ETA PY 24-25 awardee will be responsible for meeting with OYACPP programs awarded in PY 23-24 and 24-25 in multiple locations and virtually to ensure comprehensive support and collaboration for the effective implementation and evaluation of the program; including making recommendations and providing technical assistance and training to program awardees on equitable access and inclusion to OYAs facing significant employment barriers in enrollments, including but not limited to English Learners, OYAs with basic skills deficiencies, low literacy levels, and those with a disability as well as OYAs with experience in the justice foster care and homeless systems. The OYA ETA provider will customize consultation, training, and support to the needs of different program awardees.

The evaluation and technical assistance awardee for this grant must be familiar with best practices in serving individuals ages 18-28 and meet WIOA Title I Youth or Adult eligibility requirements. According to the research, OYAs who face significant employment barriers that increase the likelihood of lower earnings throughout adulthood, include but are not limited to, the following:

- Being female
- Holding a service sector job
- Persistent unemployment
- Being a teen parent
- Work-limiting health conditions or having a disability

Proposals must reflect an innovative plan to achieve the project objectives and goals. Applicants may create new tools, borrow methods from other disciplines, or apply models from other evaluation and technical assistance programs to achieve the desired outcomes. Successful applicants will present creative plans to provide program consultation, training, evaluation and learning, and utilizing technological resources to meet the program-related requirements and support strong participant outcomes from program awardees.

The OYA ETA PY 24-25 awardee will design an evaluation and technical assistance project that will do the following:

- Provide technical assistance and capacity building through consultation and a CoP to refine program planning, support successful execution, and deliver results.
- Research best practices and provide consultation on skills assessment, skills transfer, certification, referrals to and delivery of training, case management and other supports, as well as job placement and post-placement retention and advancement strategies.

## A. Project Objectives and Goals

The OYA ETA PY 24-25 awardee will assist program awardees in achieving positive outcomes by providing ongoing guidance, technical assistance, training, and stakeholder coordination support that will help projects expand workforce opportunities for the target population. The ETA awardee should leverage existing best practices and develop new tools as needed to support program awardees in achieving positive employment outcomes for participants. The ETA awardee will host conference calls, webinars, CoPs, and coordinate activities as needed. This will require the ETA awardee to develop additional means of effective communication, idea-sharing, mentoring among program awardees, and individual program consultation. Applicants must demonstrate how they plan to provide an accessible virtual forum for cross-project communication during meetings with program awardees and beyond. The ETA awardee will develop key questions for learning and evaluation and tools for continuous learning, including critical metrics and milestones to be tracked for immediate course correction and program improvement.

The ETA awardee will support the workforce development system's theory of change by (1) identifying how existing best practices can be designed, adapted, and enhanced with a focus on the needs of OYA participants; (2) identifying opportunities to leverage existing resources and cross-sector partnerships better to serve the target population; (3) identifying and addressing systemic workforce barriers that are unique to this population; and (4) supporting program designs and the effectiveness in providing wrap-around support.

The objective of the OYA ETA PY 24-25 grant is to evaluate and provide technical assistance to the project design and implementation strategies to achieve program outcomes. These program strategies include expanding registered apprenticeships and work-based learning opportunities and developing other education and training credentials leading to well-paying jobs.

The goal of the ETA provider will be to focus on team building, knowledge sharing, and additional deliverables that will provide awardees the ability to drive innovation and system change through the following:

- Developing the knowledge and skills to serve the grant's target populations more effectively.
- Promoting practices and administrative policies that will drive change.
- Helping to identify challenges and opportunities for innovation and systems change in a specific, localized context.
- Developing user-friendly tools to operationalize promising strategies and approaches.
- Targeting assistance to support innovation and system work in a clear, localized context.
- Sharing best practices and resources to help stakeholders continuously improve their work.

The ETA provider will work with program awardees and their partners throughout the grant POP to create an active learning environment necessary to inform needed adaptations, shifts, and recommendations in real time for each project.

## B. Strategies and Required Activities

- Coordinating training on relevant topics for program awardees.
- Assisting with closing service gaps by recommending changes to program service delivery models and helping program awardees implement any actionable items resulting from technical assistance recommendations.
- Coordinating with the EDD to ensure technical assistance and training provided to program awardees are in alignment with allowable activities, project goals, and data collection and reporting requirements.
- Assisting program awardees with identifying industry layoff trends, regional impacts, impacted employers and OYAs, and applying findings to program strategies and activities.
- Assisting program awardees in effectively collecting and utilizing participant data.
- Provision of other technical assistance, training, and support needed, as identified by ongoing review of project activities and program evaluation efforts. Providing assistance and guidance in developing sustainability plans to ensure ongoing access to industry-specific, strategic employment services and support for future OYAs 18-28 years of age beyond the program performance period.

The ETA awardee will disseminate best practices and learnings from this evaluation and technical assistance program to the broader workforce system. Potential methods may include but are not limited to (1) creating a toolkit for assessing skills of opportunity and disconnected young adults ages 18-28 facing significant employment barriers and identifying new roles, occupations and career pathways including successful strategies for skills training, certification and job placement, (2) creating report outs or presentations for workforce system meetings,

webinars, conferences, CoPs, or trainings, (3) disseminating best practices and other lessons learned to the broader workforce system through a combination of written materials, webinars, trainings, and/or CoPs open to Local Workforce Development Areas, community-based organizations, and other workforce system stakeholders, (4) providing a final evaluation report that summarizes program development and implementation, best practices, learnings and program modification, program outcomes and results, and (5) providing recommendations for similar future projects and best practice framework that successfully serve opportunity and disconnected young adults ages 18-28 facing significant employment barriers.

### C. Data and Supporting Evidence

The OYA ETA awardee is expected to develop assessment tools for collecting real-time data and analyzing the program's performance. This analysis should adopt a learning approach that facilitates informed decision-making, enhancing outcomes and amplifying the program's impact on participants. Program awardees will report participant data in CalJOBS<sup>SM</sup>, accessible to the ETA awardee for evaluation and technical assistance purposes. The ETA awardee will be responsible for collecting additional data and information on implementation milestones and qualitative outcomes that are not captured in CalJOBS<sup>SM</sup> or monthly narrative reports submitted to EDD by project awardees if that extra data is required to meet assessment goals.

All program awardees must provide data and information to the OYA ETA PY 24-25 awardee that is necessary to conduct evaluation and technical assistance activities. Proposals should clearly articulate the data metrics, the frequency of data collection, and the method of analysis to be used. The EDD reserves the right to request a review of any assessments created using funds from this project. Data from assessments developed and administered to evaluate projects should directly inform and apply learnings from that evaluation to improve overall service delivery and help refine the evaluation plan and the final report.

### D. Partnerships

Applicants must possess the expertise, resources, and capacity to provide technical assistance to program awardees and to conduct a developmental project evaluation. Given the project's complexity, applicants may benefit from incorporating partnerships into the ETA plans to achieve all objectives and required activities, enhance the support network, and increase the likelihood of successful program outcomes.

Partnerships with established OYA programs that have demonstrated the ability to provide meaningful assistance to OYAs are also encouraged. Applicants should prioritize partnerships with organizations that have documented success working with the program's target populations or expertise in an area beneficial to the scope of the ETA requirements, as well as organizations that have demonstrated success and innovation in developmental evaluations.

In the Project Narrative, applicants must demonstrate their ability to deliver evaluation and technical assistance as a single organization or project team, identifying any project partners. Applicants must submit Partnership Agreement Letters if partnerships are proposed and outline each partner's roles and expected contributions. More information on submitting Partnership Agreement Letters can be found in *Appendix A: Proposal Package Instruction*. The EDD's reading evaluators will assess whether applicants have the necessary capacity and expertise to provide the required evaluation and technical assistance and will select the most qualified applicant. Additional partnerships that can enhance the success of program awardees based on the needs of the target populations in each geographic region are encouraged.

Applicants must submit agreement letters from each of their recommended partners. If the applicant is one of the partners and/or is providing leveraged resources, the applicant must provide their own letter to document the commitment. See Appendix A for more information on submitting partnership agreement letters.

Registration with the SAM must be reviewed and updated every 12 months to remain current, accurate, and complete in the SAM database. A recipient must always maintain an active registration with current information during the time it has an application under consideration or an active federal award, including federal funding distributed through the EDD. Applicants must ensure this information is updated before submitting a funding application. Proposals received with an inactive registration will not be evaluated and will be disqualified.

**Note** – The registration and/or renewal process can take several weeks to complete and requires privileged information, including financial and banking information, which may take time to obtain. The applicant must have all information up to date and accessible through the SAM before submitting the application. Visit the [SAM website](#) for more information about registration requirements.

## C. Leveraging Resources

Leverage is not defined in regulation or any related administrative requirements. For EDD-funded programs, the term is used to mean all resources used by the recipient to support grant activity and outcomes, regardless of whether those resources meet the standards required for match.

There is no leveraged resources requirement for this project. However, the applicant is encouraged to leverage other resources to maximize the project's impact, earn the maximum return on investment, and foster project replication and sustainability. Applicants are encouraged to leverage human capital and utilize other resources to maximize the project's success. Resources can be leveraged from various sources, including but not limited to businesses, industry associations, labor organizations, community-based organizations, education and training providers, and/or federal, state, and local government programs.

Leveraged resources can include non-cash contributions or third-party in-kind contributions for the purposes of sharing in infrastructure costs. The definition of “in-kind resources” is a contribution of non-cash resources explicitly used for project activities. Examples include but are not limited to donated personnel, services, and use of equipment or space. See Appendix A for more information on adequately documenting pledge contribution agreements.

Workforce Services Directive [WSD 19-05](#) Subject: Monthly and Quarterly Financial Reporting Requirements (December 4, 2019) and Title 2 Code of Federal Regulations ([CFR](#)) [Part 200](#): Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), Section [200.306](#) Cost sharing or leveraging.

#### D. Allowable Uses of Funds

The funds awarded in this SFP must be used to provide evaluation and technical assistance to program awardees in successfully implementing their projects and providing ongoing and final evaluations of their OYACPP.

Allowable costs for the ETA awardee include the following:

- Any costs associated with the provision of evaluation and technical assistance to program awardees, including but not limited to costs for personnel, materials, travel, and virtual platforms.
- Any costs associated with coordinating project partners and stakeholders, including collaboration with other EDD and external programs will enhance learning objectives, project performance, and opportunities for co-enrollment for program awardees. Associated costs may include, but are not limited to, costs for personnel, materials, travel, and virtual platforms.
- Any costs associated with ongoing information and data collection and evaluation activities.
- Any costs associated with creating a final evaluation of project outcomes and lessons learned.
- Costs associated with disseminating or sharing lessons learned and/or a final evaluation during the contract period.

The *WIOA* and its associated federal regulations, state and federal directives, and the Federal Office of Management and Budget (OMB) Uniform Guidance for Grants and Agreements govern OYA ETA PY 24-25

the use of the grant funds. Refer to Appendix B and Appendix C for the general requirements of these funds. Funds awarded under this SFP cannot be used to purchase real property or to construct buildings.

#### E. Administrative Cost Limits

A maximum of 10 percent of the total requested grant amount will be allowed for administrative costs. Please refer to *Appendix D: Administrative Costs* for defining administrative costs.

### C. Questions and Answers

An informational webinar to review application requirements and answer questions is scheduled on October 30, 2024, at 10 a.m. PT. This webinar will be the final opportunity for applicants to ask specific questions regarding the SFP and the application process. Pre-registration is required for all participants. Refer to the [EDD’s Workforce Development Solicitation for Proposals website](#) for the [pre-registration link](#). To complete the process and access the webinar, applicants must fill out their information as prompted by the pre-registration link. A system-generated email will be sent upon completion, including a ZOOM link for the webinar.

Before submitting questions, applicants must thoroughly review the SFP Proposal Package Instructions in *Appendix A: Proposal Package Instructions*. Email inquiries for the webinar to [WSBSFP3@EDD.ca.gov](mailto:WSBSFP3@EDD.ca.gov) with the subject line: [Applicant’s Three Digit Initialism] OYA ETA PY 24-25 SFP Inquiry. All inquiries must be received before noon PT on October 23, 2024.

**Please note this webinar will not be recorded.**

All registered attendees will receive a summary of the content covered during the webinar, along with a copy of all the answered questions. These resources should be distributed via

email a few days after the webinar. In addition, a comprehensive list of all questions and answers received during the solicitation process will be posted to the EDD website approximately one to two weeks after the informational webinar.

#### D. Delivery

Applicants must submit a complete proposal package with all required elements to [WSBSFP3@EDD.ca.gov](mailto:WSBSFP3@EDD.ca.gov) by no later than 3 p.m. PT on November 15, 2024. The Cover Signature Page must be signed by the signatory authority as stated in the resolution for signatory authority.

Refer to *Appendix A: Proposal Package Instructions* for further guidelines on electronic submission and *Section VI. D: Award Agreement and Contracting* for the signatory authority requirements for the Subgrant Agreement (contract).

## 5. Award and Contracting Process

---

After the deadline, the EDD will: (i) vet the proposals based on the minimum qualifications established in this SFP; and (ii) administer a competitive evaluation for all proposals that meet the minimum qualifications. Funding decisions are based on scoring criteria, performance history, and regional and target population needs. The EDD will notify all applicants regarding the status of submitted proposals. A summary of the project funded under this SFP will be publicly posted on the EDD website.

#### A. Proposal Review, Scoring, and Evaluation

Teams of independent reviewers will score and rank proposals based on the criteria outlined in this SFP; for those organizations that have participated in past grant programs administered by the EDD's Workforce Services Branch (WSB), past and present performance will be considered in making funding decisions. An example of the scoring value of each section of the SFP is as follows (Figure 6.1):

**Figure 6.1: Scoring Rubric**

<b>Narrative Criteria</b>	<b>Maximum Points</b>
Section 1 – Evaluation and Technical Assistance Plan	60
Section 2 – Statement of Capabilities	30
Section 3 – Budget Summary Narrative and Plan	10
<b>Minimum and Other Requirements Total Maximum</b>	<b>100</b>

Only proposals that score in the top tier, are deemed meritorious, and are in the state's best interest will be recommended for funding. The EDD reserves the right to conduct on-site reviews before making final funding recommendations. After completion of the evaluation process, the EDD Director will receive the funding recommendations. The LWDA Secretary, in consultation with the EDD, will make final funding decisions based on the ranked scores and other factors such as the distribution of funds across geographic locations and special populations in need, past performance, innovative approach, and uniqueness of the project.

## B. Appeal Process

A proposal may be disqualified for not meeting the application requirements. Please read the SFP carefully and consult *Appendix A: Proposal Package Instructions* for detailed instructions on adequately completing and submitting all application elements to ensure all applicable requirements have been met.

Disqualification decisions can be appealed, but disqualifications can only be overturned in specific instances. Please take into consideration the following:

- There is no appeal process for not meeting the proposal submission deadline.
- Final funding decisions cannot be appealed.
- The application requirements are those conditions that must be met for the proposal to be forwarded for evaluation and scoring. See *Section IV: Funding and Budgetary Requirements, Section V: Submission, Section VI: Award, and Appendix A: Proposal Package Instructions* for more information on application and submission requirements.

The EDD will distribute disqualification letters to applicants by email. Applicants have seven calendar days from the date their disqualification email is sent in which to appeal. Please send all appeals to [WSBSFP3@EDD.ca.gov](mailto:WSBSFP3@EDD.ca.gov) by 3:00 p.m. PT on the seventh calendar day.

Each appellant must submit all the facts related to their appeal **in writing**. The review will be limited to the information provided in writing. To be considered for review, the appeal must contain the following information:

- A. Appealing organization's full name, address, and telephone number
- B. A brief statement of the reasons for the appeal, including citations from the SFP and other pertinent documents
- C. A statement of the relief sought
- D. All corrective documentation
- E. A scanned copy of the statement with the original wet signature of the authorized signatory authority for the applicant organization
- F. Appeals must be submitted in PDF form to [WSBSFP3@EDD.ca.gov](mailto:WSBSFP3@EDD.ca.gov)

The WSB/DDO will respond to all appeals via email. The review of each appeal will be limited to determining whether the applicant's corrective actions successfully addressed the non-responsiveness indicated in their disqualification letter and whether the proposal now meets the minimum application requirements relayed by the SFP to be evaluated.

### C. Award Notification

Awards will be announced on the EDD website, and applicants will be notified of the funding decisions. Award decision notices are anticipated to be mailed by December 2024. An award offer does not constitute approval of the application as submitted. The applicant is required to negotiate with the EDD to finalize program components, staffing levels, budget elements, and administrative systems to support grant implementation. If the negotiations do not result in a mutually acceptable submission, the EDD reserves the right to terminate negotiations and decline to fund the application.

### D. Grant Agreement

The EDD will contact the awardee to negotiate and finalize subgrant agreement details. The EDD may request that the subgrant agreement incorporate changes to the original project proposals. After the subgrant agreement is finalized, the awardee will officially enter into a subgrant agreement with EDD to provide the services listed in the subgrant agreement for the amount awarded. Any unauthorized deviation of non-responsiveness may be grounds for breach of contract with legal repercussions. Please ensure that the goals and objectives are feasible and reasonable for your organization and that your infrastructure supports the administrative and operational requirements. The state expects subgrant agreement negotiations to begin immediately after providing official award notices. A Notice of Award does not automatically entitle the grantee to funding. The EDD reserves the right to terminate any funding offer if a grantee does not negotiate in good faith. The awardee is advised to consider whether official action by a County Board of Supervisors, City Council, or other similar decision-making body will be necessary before accepting funds awarded under this SFP. The

time needed for such official action will affect the grantee's ability to meet the project terms and conditions and the projected work plan.

All projects selected for funding are contingent upon the revision and approval of the contract exhibits. Project exhibits are not automatically approved. The awardee may be required to revise the project exhibits to comply with federal and state mandates during the approval and subgrant agreement negotiation process. The Special Initiatives Support Group will guide the finalization of the exhibits and verify that all requirements are met to be incorporated into the official subgrant agreement. The awardee must submit a resolution for signatory authority designating the position's authority to sign for the organization. The EDD reserves the right to rescind any funding offer if a grantee does not comply with the contract's revision process.

## 6. Administrative Requirements

---

To qualify for awarded funds, successful applicants must comply with all administrative and reporting requirements. Applicants who do not comply may be de-obligated. Refer to *Unilateral De-Obligation* ([WSD16-03](#)) (July 20, 2016), for more guidance.

### A. Monitoring and Audits

During the POP, grantees will be monitored and/or audited by the state in accordance with existing policies, procedures, and requirements governing the use of funds. Grantees are expected to be responsive to all reviewers' requests, provide reasonable and timely access to records and staff, facilitate access to subcontractors, and communicate with reviewers promptly and accurately. Complete and accurate reporting is essential during the monitoring process.

### B. Record Retention

Grantees will be required to maintain project and fiscal records sufficient to allow federal, state, and local reviewers to evaluate the project's effectiveness and proper use of funds. The record-keeping system must include both original and summary (computer-generated) data sources. Grantees will retain all records pertinent to the grant contract for a period of five years from the date of the final payment of the contract unless a more extended period of record retention is stipulated.

### C. Fiscal Requirement and Reporting

The grant is a cost-reimbursable agreement. The grantee will be using CalJOBS<sup>SM</sup> to receive reimbursement for expenditures incurred. The grantee must maintain a ledger that shows the total amount of funds available for the program and monthly program deductions (i.e., payments to subcontractors). At a minimum, each ledger entry must include the subaward agreement number, invoice date, payment date, and payment description. Individual divisions may require additional ledger information. Applicants must indicate the accounting platform they propose to use.

Additionally, the grantee will submit monthly financial and quarterly expenditure reports, or as requested, to EDD through CalJOBS. The grantee must establish, manage, and maintain through CalJOBS, documentation of the receipt and disbursement of the funds for review by the EDD.

### D. Closeout

The closeout period is the 60 days after a grant agreement has reached its term end date or its funding has been fully utilized. During this period, the grantee submits a closeout package to the state, and the state confirms that the grantee has completed all applicable administrative actions and required work. The closeout period is a critical piece in the cycle of a grant. It is used by the grantee to liquidate remaining obligations and to prepare and transmit final fiscal and program documents. Closeout documents and an end-of-project narrative closeout report will be required 60 days after the end of the grant term. Applicants should include costs associated with closeout activities in the budget plan. Refer to *WIOA Closeout Requirements (WSD16-05)* (July 29, 2016), for further guidance.

### E. Compliance

All funds are subject to their related state and federal statutory and regulatory requirements, including the *WIOA* and its associated federal regulations, OMB Circulars, *Title 29 of the Code of Federal Regulations*, and compliance with the grant agreement. The EDD is responsible for evaluating each grantee's risk of noncompliance based on a set of common factors. These risk assessments may include experience managing *WIOA* funds and regulatory requirements, previous audits, personnel, and policies or procedures for award execution and oversight. Ongoing monitoring of any given grantee should reflect its assessed risk and include monitoring, identification of deficiencies, and follow-up to ensure appropriate

### F. Intellectual Property Rights/Creative Common Attribution License

Grantees of a federal award obtain the title to intangible property once acquired. The grantee must use the property for the originally authorized purpose and must not encumber the property without approval from the EDD. Further, the DOL has the right to obtain, reproduce, publish, or otherwise use the data produced under a federal award and authorize others to receive, reproduce, publish, or otherwise use such data for federal purposes (*Uniform Guidance*

*Section 200.315[a], [d]*). In addition, the DOL requires intellectual property developed under a competitive federal award process to be licensed under a Creative Commons Attribution license. This license allows subsequent users to copy, distribute, transmit, and adapt the copyrighted work and requires such users to attribute the work as specified by the recipient (*DOL Exceptions 2 CFR Section 2900.13*). Refer to *Property – Purchasing, Inventory, and Disposal (WSD16-10)* (November 10, 2016) for more information.

## G. Public Communications – Certain Information Requirement

Pursuant to *P.L. 117-103, Division H, Title V, Section 505 (Stevens Amendment)*, when issuing statements, press releases, requests for proposals, bid solicitations, and other documents describing projects or programs funded in whole or in part with federal money, all non-Federal entities receiving federal funds shall clearly state:

- The percentage of the total costs of the program or project which will be financed with federal money.
- The dollar amount of federal funds for the project or program.
- The percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

The requirements of this term are separate from those in 2 CFR Part 200, and, when applicable, both must be complied with.

- Provision of information and assistance regarding filing claims for Unemployment Insurance (UI), by which the America’s Job Center of California<sup>SM</sup> (AJCC) must provide “meaningful assistance” to individuals seeking assistance in filing a UI claim. The term “meaningful assistance” means the following:

Each proposal should include follow-up services for participants after being placed in unsubsidized employment and after exiting the project. The follow-up is intended to support the client in retaining employment and improving their employment success after exit. The final follow-up design will be negotiated with each successful applicant during contract negotiations based on the length of the contract and the funding available to the applicant. While follow-up services must be available, not all registered participants placed into unsubsidized employment will need or want such services.

## Appendix C: Allowable Costs and Cost Items Matrix

An entity that receives funds under *Title I of the WIOA* must comply with the OMB Uniform Guidance 2 CFR Part 200 and U.S. DOL exceptions 2 CFR Part 2900. In general, to be an allowable charge under the WIOA, a cost must meet the following criteria:

- Be necessary and reasonable for the performance of the award.
- Be allocable to the award.
- Conform to any limitations or exclusions set forth in the award.
- Be consistent with policies and procedures that apply uniformly to both federally financed and other activities of the non-federal entity.
- Be accorded consistent treatment.
- Be determined in accordance with generally accepted accounting principles.
- Not be used to meet cost-sharing or matching requirements of any other federally-financed program (without prior approval from the state).
- Be adequately documented.

Below is a high-level cost items matrix with six columns. The first four columns identify cost items and various entity types. The remaining two columns are reserved for the specific Uniform Guidance sections and DOL exceptions (if applicable). It should be noted that the matrix is intended to be used as an initial tool or quick reference guide rather than a final authority for determining whether a cost would be considered allowable. The legend key below, along with the definitions, is intended to help the user understand whether a cost item is allowable or not.

**Figure C.1: Allowable Costs Legend**

Legend Key	Legend Key Definition
A	Allowable
AP	Allowable with Prior Approval
AC	Allowable with Conditions
U	Unallowable

Legend Key	Legend Key Definition
NS	Not Specified in the Uniform Guidance

Users should delve further into the various information sources if a cost item is denoted with two or more legend keys, as they may provide the additional necessary clarity. If this effort does not provide the essential information, then the project manager or Regional Advisor should be contacted. The “NS” legend key means that information may not be readily available. In this event, other information sources should be sought before contacting the project manager or Regional Advisor. The “AP” legend key means that, in some instances, prior written approval will be required. In this event, the user should adhere to the *Uniform Guidance Section 200.407*, *DOL exceptions Section 2900.16*, and contact their project manager or Regional Advisor.

ScriptX v7.5 or later is required when working with Internet Explorer 8 on Windows XP, Windows Vista, and Windows 7.

**Adobe Acrobat Reader 11.** Certain documents (such as User Guides and Quick Reference Cards) are available to our customers on our external OPC website as Adobe Acrobat files. They are also frequently attached as some resources available on the Staff Online Resources page in Virtual LMI. These files can be read with Adobe Acrobat Reader 6.0 or higher; however, it is recommended that this recent version of Adobe Acrobat Reader be installed. Acrobat Reader is free browser software.

**Adobe Flash 11.** The Training/Learning Center Videos for Virtual OneStop can be watched with Adobe Flash 9 or later, although we recommend the current version 11. Adobe Flash is free browser software. The only limitations may be client firewalls and security obstructions that may keep the videos from functioning correctly.

**RSClientPrint** is a Microsoft ActiveX control that enables client-side printing of Microsoft SQL Server Reporting Services reports. The ActiveX control displays a custom print dialog box that shares common features with other print dialog boxes. The client-side print dialog box includes a printer list for selection, a print preview option, page margin settings, orientation, etc.

Downloading and installing the ActiveX control RSClientPrint.cab requires administrator permissions on the client machine.

VOS uses CKEditor version 4.3.1

The version 14.0 Virtual One Stop (VOS) currently uses version 4.3.1 of CKEditor. CKEditor is used within the VOS system to allow you to use common word processing features in the system with such things as job descriptions, resumes, and cover letters.

CKEditor supports all popular browsers, including Chrome, Firefox, Internet Explorer, Opera, and Safari. However, Internet Explorer 7 (or lower) and Firefox 3.6 are no longer supported (CKEditor 4.1.3 was the last version to support Internet Explorer 7 and Firefox 3.6).

It should also be noted that while the latest version of Safari is actively supported, earlier versions may have compatibility issues.

If using these unsupported browser versions, the browser should be updated to avoid compatibility issues.
