A Financial Safety Net

We offer an optional Disability Insurance Elective Coverage (DIEC) (edd.ca.gov/Payroll Taxes/Disability Insurance Elective Coverage.htm) program for people who do not pay into State Disability Insurance (SDI) but want to be covered by Disability Insurance (DI) and Paid Family Leave (PFL). Anyone who receives a major part of their income from their self employment or business can choose to be covered by DIEC.

DIEC protects small business owners, entrepreneurs, independent contractors, or self employed people who make up a large part of companies doing business in California.

What Are My DIEC Benefits?

• Protection against loss of income due to injury, pregnancy, or illness whether or not it is work-related.
• Up to 39 weeks of benefits for your own disability.
• Automatic coverage in PFL, which provides up to eight weeks of benefits to care for a seriously ill family member, to bond with a new child, or to participate in a qualifying military event.

The amount paid to you is based on your answers on the Internal Revenue Service's Form 1040 (Schedule SE or Schedule C).

To learn more, visit Benefits and Premium Amounts (edd.ca.gov/disability/Self-Employed_Benefit_Amounts.htm).

For more information about DI, call 1-800-480-3287.

For information about PFL, call 1-877-238-4373.
